9+9 ADMISSION PROGRAM - "DIPLOME D'INGENIEUR" FROM A "GRANDE ÉCOLE"

WHAT IS THE "GRANDE ÉCOLE" MODEL?

A UNIQUE MODEL

- **Highly selective schools**

Acceptance rate of Preparatory Classes = around 7%

Acceptance rate of ParisTech Schools = around 5%

- Excellent level in **Mathematics, Physics and Computer Science**

- Multidisciplinary studies and development of professional skills, such as **Economics, Management and Communication.**

- High-quality and innovative teaching methods.

- A teaching faculty bringing together professors and experts from companies

- A limited number of admitted students enabling a personalized curriculum (small groups, Student-Faculty ratio 5:1)

STRONG LINKS WITH COMPANIES

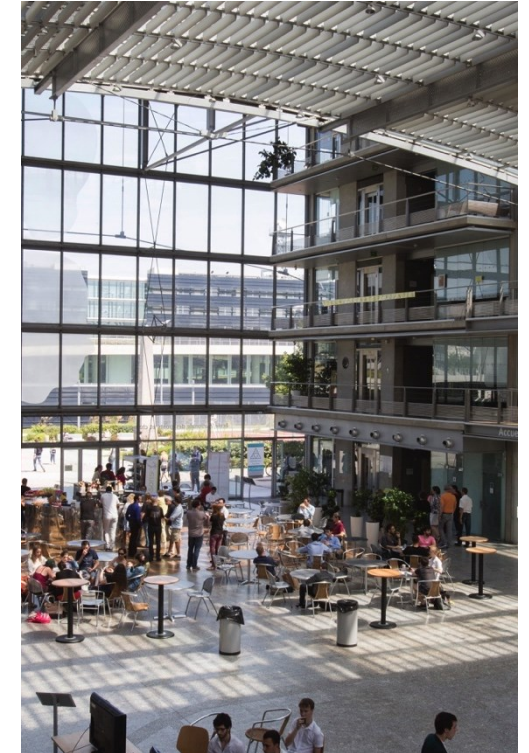

- Compulsory internships throughout the curriculum

- Multiple interactions between Schools laboratories and companies R&D centers

ADVANTAGES OF STUDYING AT PARISTECH: A WARM WELCOME

INTERNATIONAL STUDENTS SERVICES

- Accommodations
 - Most schools have accommodations on their campus
 - Affordable rents: ~ 380 € /month
 - Possibility of accommodation allowance
 - Average living costs in Paris: ~ 800 € /month
- Assistance with visa procedure
- Intensive Language Training Programs
- Mentoring by senior students & Alumni
- Active participation in student activities

ADVANTAGES OF STUDYING AT PARISTECH: SCHOLARSHIPS

ParisTech supports French and international student mobility through

- The French government's **Eiffel Scholarship** and **scholarships of the French embassies (BGF)**
- Scholarships provided by the **China Scholarship Council** (9+9 program, double degree agreements, doctoral exchange ..)
- Scholarships provided by **the foundations of ParisTech schools**

To learn more about the scholarships & support:

<https://paristech.fr/en/node/6449>

PARISTECH GRADUATE PROGRAMS' SCHOLARSHIPS

- Agreement signed in 2015 between [ParisTech and the CSC for the « 9 + 9 » program](#), that also includes the double degree programs between ParisTech schools and their Chinese partner universities. Each year, around **50 CSC scholarships** are awarded within this agreement (scholarship amount: 1250 €/month, for 18 to 24 months + a roundtrip airfare).
- Students can also apply to the French government **Eiffel scholarship**.

In 2018 : 44 new students admitted in 9+9 program, 50 in Double Degree Programs.

- 60 governmental scholarships were granted for 2 years.
 - China Scholarship Council (CSC): 50
 - Eiffel (French Ministry of Foreign Affairs): 10

ADVANTAGES OF STUDYING AT PARISTECH:

AFFORDABLE TUITION FEES

Admitted students may benefit from a partial or full tuition fee waiver (full tuitions costs amount to up to €17,000 a year) for the duration of their studies at their host ParisTech Grande École. Admitted students pay tuition fees at home university. There is a fee waiver for Eiffel and BGF scholarships recipients.

<i>NB: Full cost of a "Diplôme d'ingénieur*" per year = 17 000€ (on average)</i>		NORMAL PRICE FOR NON EUROPEAN STUDENTS		PRICE FOR CSC SCHOLARS (INDIVIDUAL APPLICANTS)		PRICE FOR CSC SCHOLARS WITHIN A DOUBLE DEGREE (DD) AND/OR COMING FROM A PARTNER UNIVERSITY		List of partner universities (DD and others)

Since 2000 : 1219 Chinese students enrolled in a ParisTech's engineering schools through the **9+9 program.**

Since 2013 : 204 Chinese students were admitted in ParisTech **double degree program.**

STUDYING AT PARISTECH 9+9 ADMISSION PROGRAM

INTERNATIONAL ADMISSION PROCESS: 9+9 GRADUATE PROGRAM

The Chinese admission program for the ParisTech schools' engineering degrees is called the « 9+9 » program. The whole admission process is completed in English. Nonetheless, the interview in October can either be done in English or French.

CALENDAR FOR APPLICATION

Upon admission to a ParisTech school students will have to learn French from December 2020 to June 2021 (if they do not already speak French).

Students wishing to get a CSC scholarship should apply before the end of March each year. Please note that the process of applying to a CSC scholarships requires your home university's support.

INTERNATIONAL ADMISSION PROCESS: 9+9 GRADUATE PROGRAM

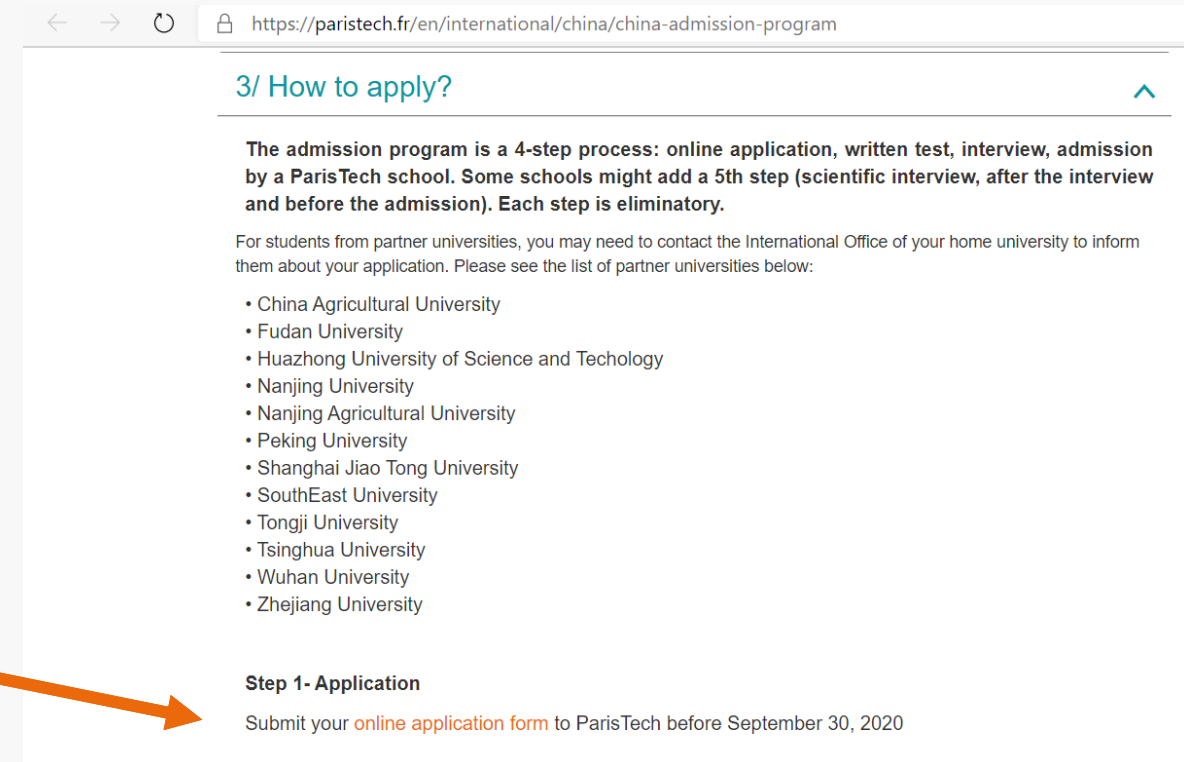

STEPS FOR THE ADMISSION PROGRAM

STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

Go to: <https://paristech.fr/en/international/china/china-admission-program>

Carefully read all information on the page.

Then to continue, follow the link to the online application form in “How to apply”.

← → ↻ 🔒 <https://paristech.fr/en/international/china/china-admission-program>

3/ How to apply? ^

The admission program is a 4-step process: online application, written test, interview, admission by a ParisTech school. Some schools might add a 5th step (scientific interview, after the interview and before the admission). Each step is eliminatory.

For students from partner universities, you may need to contact the International Office of your home university to inform them about your application. Please see the list of partner universities below:

- China Agricultural University
- Fudan University
- Huazhong University of Science and Technology
- Nanjing University
- Nanjing Agricultural University
- Peking University
- Shanghai Jiao Tong University
- SouthEast University
- Tongji University
- Tsinghua University
- Wuhan University
- Zhejiang University

Step 1- Application

Submit your [online application form](#) to ParisTech before September 30, 2020

STEPS FOR THE ADMISSION PROGRAM

STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

ParisTech : Temporary connection token

ParisTech International Admission Program <noreply@parist...> lunc

À: ●

Dear applicant,

You have requested an authentication token for the ParisTech International Admission Program:

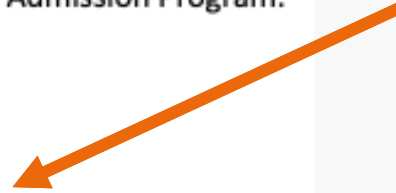

XXXXXXXXXXXXXXXXXXXX

This token will be available until Tue, 08 Dec 2020 19:07:52 +0100.

[You can now access your candidate space to complete your application.](#)

Once you have created your profile, an email with your token will be sent to your mailbox. **Save the email / information in it, you will need it to go back to your online application!**

You can access your file either with the token or by clicking on the link in the email.

STEPS FOR THE ADMISSION PROGRAM

STEP 2: SCIENTIFIC TEST – October 13, 2020

Due to the COVID-19 pandemic, this year the scientific **test will be organized only online**. If your application is successful, you will receive a notification to attend the scientific test by October 5, 2020.

Please note that to make sure everyone's connection is functioning properly for the test on October 13, **a 30 minute mock test will be organized on October 7, 2020.**

Please note that the test will be in English (don't forget to revise your scientific English!).

STEPS FOR THE ADMISSION PROGRAM

STEP 3: INTERVIEW – October 19, 2020 to October 26, 2020

Due to the COVID-19 pandemic, this year **all interviews will be conducted online**. If you successfully pass the scientific test, you will receive a notification to attend an interview by October 16, 2020. You can either use French or English during the interview.

The screenshot shows the ParisTech international admission program website. The header includes the ParisTech logo and a 'Log out' link. The main navigation bar has three tabs: 'Application', 'Steps and follow up' (which is active), and 'Contact'. A progress bar shows seven steps: 1. Online application filled, 2. File approved by the jury, 3. Written test, 4. Interview, 5. Selection, 6. Admission, and 7. Confirmation. Below the progress bar, there is a message: 'You have submitted your online application form for the ParisTech International Admission Program. There will be several steps possible before the announcement of the final admission to one ParisTech engineering school.' A list of bullet points provides further details about the application process.

- Online application form received by ParisTech
- Online application form is completed and submitted
- Application is approved by one or several ParisTech schools or not
- If approved, you will be asked to attend the written test
- If you are successful, you will be asked to participate in an interview with the ParisTech jury
- After the interview, you can be selected by one or several ParisTech schools or not
- If you are selected, you will be asked to rank the schools which have selected you
- The jury will then decide if you are admitted or not
- You will have 7 days to accept the proposal (or not)

Your recommendation letters should be uploaded on the platform before October 12, 2020, so that the jury can read them before the interviews. **Please keep in touch with your teachers to make sure they upload them.**

INTERNATIONAL ADMISSION PROCESS: 9+9 GRADUATE PROGRAM

STEPS FOR THE ADMISSION PROGRAM

STEP 4: JURY & RESULTS

Your application form, results to the scientific test, and your interview will all be taken into consideration by the jury.

Before the jury takes its decision, and if you successfully pass both the scientific test and interview, you will be asked to rank the schools that selected you, before November 13, 2020.

Please note that MINES ParisTech | PSL organizes scientific interviews with candidates selecting their school.

Results will be published on November 21, 2020.
